

**FELLOW  
GEORGIANS  
WE HAVE BEEN  
SOLD OUT!**

**LETS "BOOT"! ANTI-SOUTHERN  
JACK HILL - State Senator - Dist. 04**

**In 2000 (House Bill 16):** *Jack Hill* voted with Ex-Governor Roy Barnes to change Georgia's 1956 Veterans Memorial State Flag that honors our Southern Heroes and Heritage. This was done against the will of Georgians, simply to appease the City of Atlanta and shake down artists like Jesse Jackson.

**In 2003 (House Bill 380):** *Jack Hill* voted to instate yet another State Flag without any input from Georgians and he voted for a State Flag Referendum that did not include the 1956 Veterans Memorial Flag that was stolen from Georgia. The very flag that *Jack Hill* voted to remove in 2000.

*Jack Hill* has a consistent and proven anti-Southern voting record. He has shown that he takes his marching orders from big business interests in the City of Atlanta, instead of from the good people in his district.

*What's next on Jack Hill's politically correct liberal agenda? Stone Mountain? (see HB899)*

**Please remember Anti-Southern Jack Hill on Nov. 2nd**
